Certified Coach & Speaker

Suzanne Evans is best known as an *action expert*. When individuals and businesses are looking for a blueprint for success, they seek her coaching, sharp instincts and accountability. After working for the nation's largest union, being a professional actress, a nationally ranked water skier, a high school teacher, and an Assistant

Producer to five Broadway shows (all before the age of 30), Suzanne began using her life experiences to coach a wide range of people on living their fullest potential. She created a private coaching practice with over 40 clients in one year and launched three businesses in a four-month timeframe. Action comes naturally for Suzanne!

Suzanne received her Bachelor's Degree from Lees-McRae College, her Master's from New York University, and is a graduate of Coach U. She is a highly sought-after speaker, workshop facilitator and coach. Her coaching has been described as tough, honest, keen and caring. She is a member of the International Coaching Federation, holds her ACC certification and has coached hundreds of clients to take action and seek change. She is the owner of **Blueprint Coaching**, **The VA Blueprint**, and **Coach Acceleration System**. Her book, **Blueprint for Success**, will be released in February 2008 through Insight Publishing.

Suzanne resides in Maplewood, New Jersey. When she is not coaching, she is tracking with her Westie, Lucky Boy, going to a favorite restaurant, watching college basketball or traveling.

"I have had the great pleasure of working with Suzanne as my coach off and on since August 2006. Along with my partner, I recently took a risk and opened a Bed & Breakfast. Suzanne has enabled me to focus, to stretch and to "get out of my own way". Suzanne has offered new ways and ideas to grow my business. She also is the first person to remind me of my success when I am experiencing doubt. I highly recommend Suzanne and the experience of working with her as a life coach."

"I am more confident. I have a very positive outlook. The confidence and the positive outlook have directly resulted in me obtaining 3 new clients. "My future's so bright...I gotta wear shades..." Vickie & Suzanne work marvelously with one another. The open forum calls are educational and entertaining. It is a fun class that I looked forward to each time. "
